Only Dozen More Customs  
Dismissals

SERVICE WELL RENOVATED

Clarkson's Successor Will Not Be Parr.  
Collector Loeb Has Emphatically  
Disposed of the  
Report.

Washington, Nov. 24.—William Loeb, Jr., collector of the port of New York, was an early morning caller at the White House yesterday and spent half an hour or more with President Taft. Mr. Loeb stated that the housecleaning in the customs service at New York was about completed. Within the next week he will dismiss a dozen or more weighers. He stated that when they are let out, he thought the service would be in first class shape, and that no more dismissals in the near future were contemplated. "We will start out with practically a clean slate," Mr. Loeb, "and we hope for good results." Mr. Loeb left for New York yesterday afternoon. Mr. Loeb said there was nothing in the story that Richard Parr, the acting deputy surveyor at New York, who recently engaged in a controversy with former Assistant Secretary of the Treasury Reynolds, had been selected to succeed Surveyor Clarkson. Mr. Loeb, however, confirmed the story that Mr. Clarkson was to retire, but intimated that his successor had not been decided.

## WILL BRING A PETITION FOR CANNON TO RESIGN

Murdock of Kansas to Open Fight on  
the Speaker.

Washington, Nov. 24.—Representative Murdock of Kansas, who will reach Washington soon after Thanksgiving, will bring with him a petition based on a recent statement of Speaker Cannon which will request him to resign his office.

This will make the question of Cannon's continued leadership acute at the outset of the session. It is hardly likely that a majority of the House will sign the petition, but it is expected enough of them will do so to make the country understand the deep-seated opposition to him, and the impossibility of his reelection to the speakership.

## ROOSEVELT FOR GOVERNOR.

Odell Says He Can Get the Nomination

New York, Nov. 24.—Benjamin R. Odell, Jr., of Newburgh, was at the Waldorf-Astoria last night and said: "I heard of a movement to nominate Roosevelt for governor next year. This information comes to me in such a way that I am not at liberty to dispute it." He was suggested to Mr. Odell that Mr. Roosevelt on his return to this country in April next was expected to seek to succeed Mr. Deane as United States Senator. Mr. Roosevelt has frequently stated that he wanted to go to the Senate from New York state. "That may be all right," replied Mr. Odell, "but my information is to the contrary and

## Dyspeptics Stomach Distress SIMPLY VANISHES

Indigestion, Gas, Heartburn or Dyspepsia  
Go, and You Feel Fine Five Min-  
utes After Taking a Little  
Diapepsin.

If you had some Diapepsin handy and would take a little now, your stomach distress or indigestion would vanish in five minutes, and you would feel fine. This harmless preparation will digest anything you eat and overcome a sour, out-of-order stomach before you realize it. If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Ask your pharmacist for a 50-cent case of Diapepsin and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no undigested food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is at any drug store, waiting for you.

These large 50-cent cases contain more than sufficient to thoroughly cure almost any case of dyspepsia, indigestion or any other stomach disturbance.

that Roosevelt will be nominated for governor. According to the present condition of affairs he can get the nomination by lifting his little finger."

## BRYAN TO TAFT.

Presents His Compliments in Arizona  
Speech.

Globe, Ariz., Nov. 24.—"Do not let the president of the United States threaten you. It is much better that the constitution should fit the people of a new state than the people outside."

In these words W. J. Bryan paid his respects to President Taft at a dinner here Monday night. The remarks were in reply to Mr. Taft's suggestion that the constitution of Oklahoma was not a good example to follow.

"It is my earnest wish for your sake that the constitution of Arizona shall be for its people, and not for those citizens of Ohio who are simply temporary residents here," Mr. Bryan said in conclusion.

## RADIANT HAIR

New York Society Women's Hair Is  
Matched Only by Parisians.

While much attention is given to choicest gowns by New York society women, the turbulent fad just now is the care of the hair.

For many years, the clever women of Paris have been famed for the magnificent beauty of their hair.

"Glorious hair," a Virginian calls it; "so radiant and luxuriant that it not only attracts, but fascinates, and compels unmitigated admiration."

But now that the elite of New York, ever anxious to improve their beauty, have learned that Parisian Sage, a remarkable and almost marvelous hair nourisher and beautifier, is almost entirely responsible for the charming hair of the ladies of France, the demand for it has become enormous.

Parisian Sage is now sold all over America, and in Barre by the Red Cross Pharmacy, which is glad to guarantee it to eradicate dandruff, stop falling hair and itching scalp in two weeks, or money back. Large bottle, 50 cents.

## THE MISSOURI AT NEW YORK.

Not to Go to Nicaragua, So Far as Is  
Known.

New York, Nov. 24.—The battleship Missouri came into port yesterday from Newport, R. I., and anchored off Tompkinsville, State Island. Monday's orders to the Missouri to proceed to New York were of the rush variety, and the big ship lost no time in getting here. Various surmises were aroused by the hurry orders to the Missouri, in connection with the troublesome Nicaraguan situation. It was stated at the Brooklyn navy yard yesterday, however, that the Missouri, so far as was known, was merely dropping in here on her way to the battleship rendezvous at Hampton Roads, where a fleet is under orders to assemble on December 1, in the course of the usual winter naval procedure.

## THROAT MISERY

Read How a Boston Man Got Rid of  
Chronic Throat Disease.

"Hymel did me a world of good, when I had chronic laryngitis; in fact, effected a cure after all the best specialists had given me up as a bad job. I tried Hymel the same as I had tried hundreds of other things that people or doctors would recommend. They all failed except Hymel, and this effected a cure that has been lasting. All my troubles happened 12 years ago, and I had ought to be ashamed not to have written you before. At first, I waited to see if the cure was permanent or not, and when you realize that for five winters before I used Hymel I could not speak above a whisper, and sometimes not at all, you can judge why I waited with a good deal of anxiety for time to tell if I was really cured or not."—E. A. Lindsay, 148 South street, Boston, Mass., April 1, 1909.

Breathe Hymel in through the inhaler that comes with a \$1.00 outfit, and this highly healing and antiseptic vaporized air will promptly relieve and permanently cure catarrh and all ordinary diseases of the nose and bronchial tubes. It gives great relief to consumptives. Sold by leading dealers everywhere and in Barre by the Red Cross Pharmacy.

## NO MORE RESCUES MADE

Hope of Saving Lives of More  
Men in St. Paul Mine

IS PRACTICALLY GIVEN UP

Fire in Main Shaft Prevents the Work  
of Clearing the Tunnels and the  
Entire Mine Will Be in  
Danger Soon.

Cherry, Ill., Nov. 24.—No more miners have been rescued alive from the St. Paul colliery here and no more bodies have been recovered and hope of saving the lives of the men yet entombed has been practically given up. The excitement among the survivors has quieted down and the removal of the troops on guard was begun last night. The state mining inspectors and the coal company's officials admitted last evening for the first time publicly that there is little hope that any of the 166 miners who have been entombed for ten days are still alive. Last night W. W. Taylor, the mine manager, Duncan McDonald, president of the miners, and Supt. Powell agreed that none of the entombed men in either the second or third veins are now alive. These statements were made after a gang of men had explored many of the passages on the east wing of the mine. This party penetrated 400 feet in several directions from their starting point in the second vein, waving signal lights, shouting and listening for any noises that would indicate the presence of living men.

The fire which began near the main shaft, yesterday, prevents the work of clearing the tunnels and the entire mine will be in danger and all efforts to recover the bodies of the entombed men will be finally blocked if this fire is not controlled by to-day.

## CURTIS ASSISTANT TREASURER.

Boston Attorney Gets Reynolds' Place  
at Washington.

Washington, D. C., Nov. 24.—James Freeman Curtis, assistant district attorney for the state of Massachusetts at Boston, has been offered and has accepted the office of assistant secretary of the treasury in charge of customs, to succeed James Burton Reynolds, also of Boston, who resigned to accept membership on the tariff board.

It was MacVane who discovered Curtis and recommended him to the president. The matter was closed some time ago, but as Curtis has been busy for ten weeks in the prosecution of the steel combination cases in Boston and was not ready to take up his work in Washington, the announcement of the appointment was purposely deferred. Curtis will assume his duties in Washington next Monday. He is 33 years old, a bachelor, and was graduated from Harvard.

## AMUSEMENT NOTES.

To-night at Barre Opera House, "The  
Volunteer Organist."

"The Volunteer Organist" unlike any of its contemporaries is a play that was founded on a song. Many prominent writers have constructed successful plays from book stories but this drama is in a class by itself in so far as that its nucleus was the words of William B. Gray's song poem.

"The Volunteer Organist" is booked for the opera house tonight.

## Johnson-Ketchel Fight Pictures.

Stanley Ketchel added many laurels to his fame as a fighter of the first water by the remarkably easy battle he put up against overwhelming odds, when he met the gigantic Jack Johnson in a battle for the heavy championship of the world. Though but a middle-weight, Ketchel's exhibition against a man outweighing him by at least thirty pounds, won him thousands of friends. The pictures taken of this thrilling fight have been secured for a special exhibition at the opera house next Friday afternoon and evening.

## "A Pair of Country Kids."

Among the many high class attractions booked at the opera house for the coming season none gives better promise of being a distinct novelty than "A Pair of Country Kids" that will appear for one night and matinee next Saturday.
